

NEW RESEARCH STUDY – RECRUITING PARTICIPANTS

Experiences of Professional Employees who happen to be a Person with a Disability

We would like to invite you to participate in a research study, “Experiences of Professional Employees with Disabilities” being conducted by Drs. Karen S. Markel and Lizabeth A. Barclay from the Management Department at Oakland University, Rochester, MI. This study is designed to investigate how professional employees with disabilities view their jobs and careers.

As a participant in this study, you will be interviewed by Dr. Markel and/or Dr. Barclay for approximately one hour. The questions in the interview will ask you to describe to your chosen profession, work experience, academic background, and your specific disability. Your privacy and confidentiality will be maintained throughout the research study. In appreciation for your assistance in this project on this important issue, you will receive a \$25 gift card and be entered into a drawing to win a Kindle Fire at the project’s completion. The format of your participation is flexible. The interview can be conducted through an on-site visit, at Oakland University or via the phone. If you are a full-time employee in a job that requires at least a bachelor’s degree and would like to participate in this research study, please contact Dr. Markel at 248-370-4981 or markel@oakland.edu to schedule an interview or find out more information.
