

EXAM I

*Takes place on **Wednesday, February 8.**

*Will cover all reading (see the Reading and Homework Problems document on the course web page for relevant pages) and lectures from the beginning of the semester through and including Monday, February 6's class.

*The exam is closed note and closed book. I will, however, supply you with a formula sheet for the exam. (See the course web page for the draft version of the formula sheet.)

*The exam will consist of some short answer/essay questions (like the "Chapter Review" questions at the end of each chapter) and some problems (like those that have been assigned as homework problems).

*You may use a calculator.

*Cell phones and other electronic devices such as laptops must be turned off and put away.

*Study resources: Assigned homework problems; end of chapter review questions; worked examples from lecture; lecture notes; worked examples given in the textbook readings.
