Now is very exciting to be a business student at Oakland University. Our programs are growing and expanding everyday. The professors at OU provide an exceptional experience filled with in class lecture and online tutorials. They bring the real world of business to your classroom. Be prepared for an academic journey that is both challenging and promotes an accurate portrayal of the work force.

Along with this exceptional academic experience, the new center will offer students access to Career Services professionals to discuss resumes, internships and job placement, undergraduate and graduate advising, free tutoring, a fully stocked career nook to explore majors and take career-related assessments, workshops, and a new name to boot! We look forward to seeing you soon!
Core, Pre-Core, and Major… What are they?

A better understanding of your requirements and dates can help avoid any roadblocks on your highway to success.

**CORE** – Each of the business major programs requires the completion of a common core of courses introducing students to the functional areas of business. Each of the 300 to 400 level business courses in the core program (i.e. MKT 302, ORG330, MIS 300, ECN 303, POM 343, FIN 322, ORG 331, MGT 350 and MGT 435) requires major standing in business. If the pre-business student has an overall GPA of 2.60 or better, and with the approval of a business adviser, the student may take one 300 level business course before earning major standing.

**PRE-CORE** – As preparation for the various majors of the business administration program, students must complete courses in writing, speech communication, mathematics, business modeling with computers, economics, accounting and statistics with minimum grade of 2.0 in each course. The required writing and pre-core courses are: COM 201 or COM202, MTH 011-012, MTH 121 and MTH 122, or *MTH 141 and 154, MIS 100, ECN 200 and ECN 201, ACC 200, ACC 210, QMM 240 or QMM 250.

**MAJOR REQUIREMENTS** – Students take 15-24 additional credits specified in their major area. The junior and senior years will be devoted to the successful completion of the requirements of the core and major. Double majors are permitted in all areas except general management. Majors include: Accounting, Business Economics, Finance, General Management, Human Resources Management, Management Information Systems, Marketing, Operations Management, B.S. in Economics. Additional information on the requirements for completion can be found in your undergraduate catalog.
In order for students to be eligible to take 300- and 400-level business courses, students must be admitted to major standing in the School of Business Administration. Admission to major standing is selective. The minimum requirements for consideration are:

1. Student’s admissibility to and retention in the university
2. Completion of the writing requirement (WRT 160)
3. A minimum grade point average of 2.60 in all courses taken at Oakland University (with a minimum of 6 credits completed at Oakland University)*
4. A minimum grade of 2.0 in each of the aforementioned (page 2) pre-core classes.

5. Submission of an “Application for Major Standing” for the desired major in September for students expecting to complete the pre-core and writing requirements during the fall semester and in January for those expecting to complete requirements during winter or summer semesters.

6. Completion of SBC 199 and 299 for non-transfer students admitted to the SBA in Fall 2008.

* Any grade earned in a course that requires major standing before a student officially earns major standing will not be included in the student’s GPA when determining admission to major standing.

Alternatively, if a student can earn a 2.80 minimum grade point average in at least 7 of the pre-core courses and receive major standing.

Food for Thought….Why do you drive on a parkway, yet, park on a driveway?

Mission Statement SBA:
The mission of the School of Business Administration is to advance knowledge and enhance students’ abilities to manage in a global business environment. The mission is achieved through a synergistic combination of teaching, scholarship and professional service, with emphasis on the linkage of theory and practice, and the application and management of technology. Toward the achievement of these ends, the SBA promotes collaborative relationships among students, faculty, administrators and employers.

LEO “SEZ”…

You found me. Now, here is your nut.

On February 18th, the 2nd Annual Student-to-Alumni Power Networking Dinner will be held in the Banquet Rooms at the Oakland Center. The networking will begin at 5pm and ends at 7pm.

Pick up a registration form from an SBA adviser or contact the Student Congress office. Prepare for your future now!!!
Degree Evaluation

Oakland University has introduced the Degree Evaluation feature to SAIL October 1, 2008.

The Degree Evaluation feature helps students navigate the sometimes complex and diverse course requirements within each program by:

- Determining progress toward degree
- Selecting correct course at registration
- Running what-if scenarios to find out how current courses would apply to a change of program, or catalog in the event of readmission

You can evaluate your progress right now. All students have to do is login to SAIL and click Student Services and Financial Aid, then Student Records, then Degree Evaluation to check your progress.

Your Next Advising Session

With the new Degree Evaluation feature in use, students and advisers will be able to spend more time in advising appointments discussing academic and career goals versus manually compiling course information. Students are encouraged to bring in their Degree Evaluation printout to all advising appointments.
